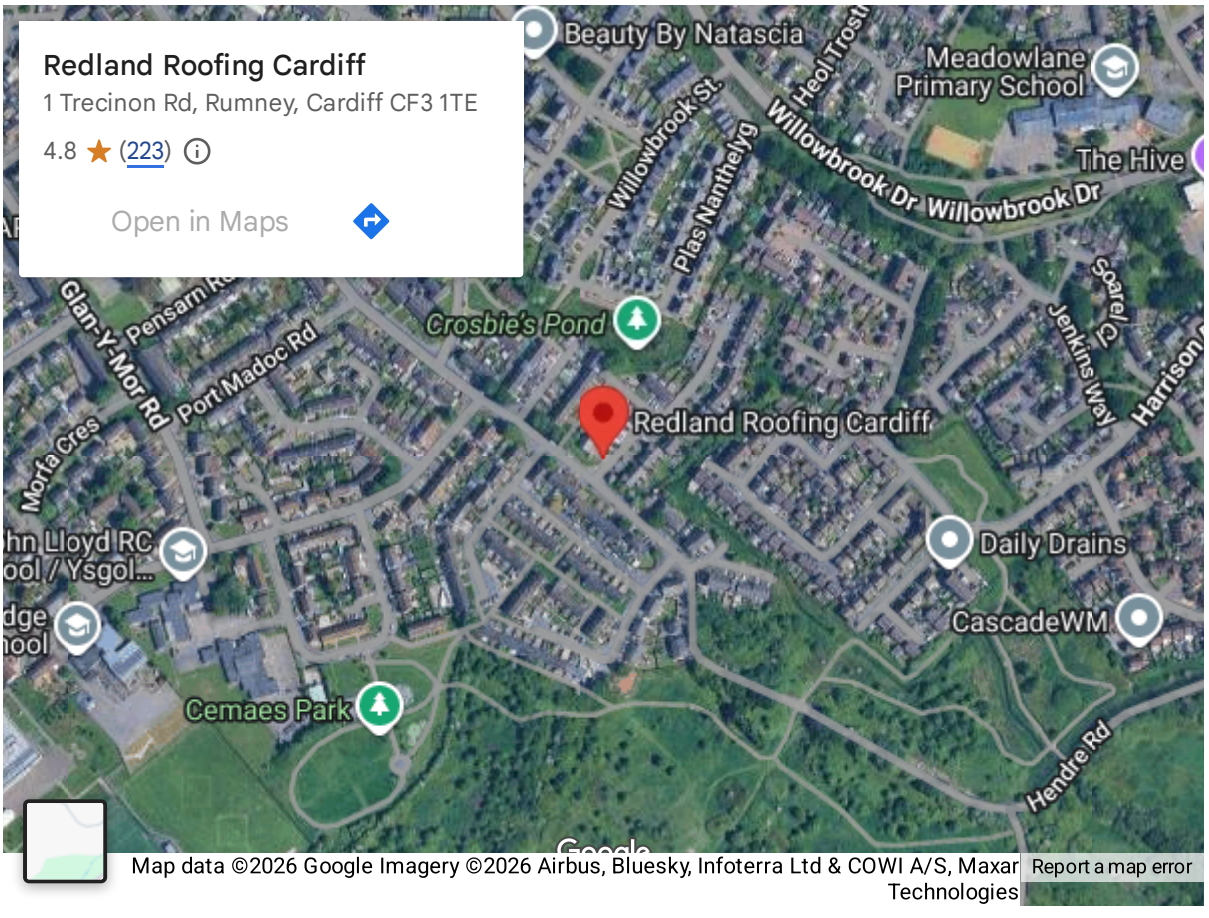
Tremorfa and Pengam Green sit on the flat land east of Splott, where Cardiff opens out towards the Rhymney River and the Severn Estuary beyond. It's an area that takes the weather head on, with little shelter from the wind *flat roof specialists Cardiff* blowing in off the water. For homeowners here, Redland Roofing Cardiff is about as local as a roofing company gets. The family-owned business, run by John Owen, is based on Trecinon Road in Rumney, just across the river, so a visit to these streets is only a few minutes away. The housing here is a real mix. Tremorfa has a blend of terraces and post-war homes, while Pengam Green has more recent estates with concrete tiles, felt garage roofs and small porch and bay roofs. Back towards Splott Park you'll find older terraces with slate roofs and chimney stacks. That means the work is varied too. One week it might be ridge tiles rebedded on a semi, the next a flat roof replaced over a kitchen extension using an EPDM rubber membrane on new tongue-and-groove sterling board decking, or a redundant chimney taken down. Exposure is the thing that sets this part of Cardiff apart. South-westerly gales come up the Bristol Channel and across the open ground near the estuary, and they test ridge tiles, gable verges and flat roof edges more than they would further inland. Loose ridge mortar, slipped tiles and lifted felt are common after a big storm. Fitting dry verge caps on gable ends is often a sensible upgrade here, because it removes the old mortar that the wind and rain keep breaking down. Being so close means Redland can respond fast, which is useful when a storm has lifted tiles and rain is on the way.

Redland Roofing Cardiff | 1 Trecinon Rd, Rumney, Cardiff CF3 1TE | 07884 013048

Quick response is the most common theme in the company's Google reviews, with customers mentioning same-day or next-day visits, and the business is open 24 hours, 7 days a week for emergency roof repairs. John explains what he finds clearly, sends before-and-after photos, and customers regularly note that the quoted price was the final price. Redland is fully insured, offers guarantee-backed workmanship and holds a 4.8 rating from 204 reviews. With over 30 years in the trade, the team knows these east Cardiff streets well. If you live in Tremorfa or Pengam Green and your roof is showing signs of storm damage, or you'd simply like it checked, you won't find roofers in Cardiff much closer to your door. Call Redland Roofing Cardiff on 07884 013048 for a free, no-obligation quote.

Redland Roofing Cardiff Address: 1 Trecinon Rd, Rumney, Cardiff CF3 1TE Phone: 07884 013048



Roofers Cardiff How much should I pay for roof repairs in Cardiff? It depends on the damage, the roof type and access. As a rough guide, Redland Roofing Cardiff price minor jobs such as replacing a few broken tiles from around £150 to £300, while storm damage or new flashing usually runs from £300 to £800 or more. Every quote is free and written down before any work starts, so there are no surprises. How can I tell a dodgy roofer from a good one? Be wary of anyone who knocks on the door uninvited, pushes for cash up front or claims the whole roof needs replacing without showing you why. A reputable Cardiff roofer will give a written quote, explain the guarantee, confirm they are insured and show you photos of the problem. Redland Roofing Cardiff do all of this as standard on every job. Who are some reputable roofers in Cardiff? Look for an established local firm with a long track record and plenty of genuine reviews. Redland Roofing Cardiff are an independent, family-run business that has served Cardiff and South East Wales for over 30 years and holds a 4.8-star rating from more than 200 Google reviews. They are based at 1 Trecinon Road in Rumney and cover the whole city. Does my roofer have to give me a guarantee in writing? You should always ask for it. Redland Roofing Cardiff set out the guarantee on labour in every written quote, and materials carry manufacturer warranties where applicable. If anything isn't right after the job, the team come back and put it right. How do I know if a roofer is any good? Check recent reviews, ask how long they have been trading and see whether they explain the problem clearly before quoting. Redland Roofing Cardiff customers often mention being shown photos of the issue, quick next-day repairs and tidy, polite teams. A roofer who recommends a repair rather than an unnecessary replacement is usually a good sign. What questions should I ask my roofer before work starts? Ask what exactly is wrong and how they know, what the written quote includes, how long the job will take, whether they are insured and what guarantee you get. For a full re-roof, ask how the house will be kept dry overnight. Redland Roofing Cardiff leave roofs watertight at the end of every working day and give a clear timeline before starting. How long does a roof last in Wales? Welsh rain, coastal winds and freeze-thaw cycles all shorten roof life. A well-installed concrete or clay tile roof can last 40 to 60 years with maintenance, and good slate can outlast the building. Felt flat roofs tend to last 10 to 15 years, while EPDM rubber, which Redland Roofing Cardiff specialise in, can last 25 to 30 years or more. What usually causes a roof to leak? The most common culprits on Cardiff homes are slipped or missing tiles, cracked flashing around chimneys, blocked gutters, worn valleys and failed lead joints. On extensions and garages, flat roofs often leak where the surface has cracked or a joint has opened. Redland Roofing Cardiff trace the source first so you only pay to fix the real problem. Do I need planning permission to replace my roof in Cardiff? A like-for-like replacement on a standard house usually falls under permitted development. In conservation areas such as Pontcanna, parts of Roath and Llandaff, on listed buildings, or if you are changing materials, you may need consent from Cardiff Council. Redland Roofing Cardiff can advise on this during the free assessment. How quickly can a roofer come out in an emergency? Redland Roofing Cardiff run a 24/7 emergency service across Cardiff and South East Wales for storm damage and sudden leaks. The aim is to get someone to you as quickly as possible and make the roof watertight. Call 07884 013048 at any time of day or night. How long does a full roof replacement take? A standard terraced or semi-detached house in Cardiff typically takes 2 to 4 days, weather permitting. Larger detached homes, such as many in Cyncoed and Lisvane, or roofs with complex shapes usually take 4 to 7 days. Redland Roofing Cardiff confirm the timeline in writing before work begins.
