## What is a Crash Game?

Before diving into the specifics of Avia Masters, it helps to understand the underlying category. Crash video games are a kind of online wagering and home entertainment based upon a rapidly increasing multiplier.

- **The Core Loop:** A round begins with the gamer positioning a stake. An item (in this case, an airplane) removes, and a multiplier begins ticking up from 1.00 x.
- **The Objective:** The player needs to hit the "Cash Out" button before the item randomly "crashes" or vanishes.
- **The Catch:** If the player squanders in time, they win their stake increased by the present value. If the crash happens before they squander, the stake is lost.

This produces a high-tension dynamic where players should constantly weigh greed against care.
