What is Big Bass Crash?

At its core, Big Bass Crash is a multiplayer social wagering game. Unlike basic online slots where gamers spin reels and wait for matching symbols throughout paylines, crash video games focus on a gradually increasing multiplier.

As the boat progresses, the multiplier begins at **1.00 x** and climbs up greater and greater. The goal for the gamer is basic: **money out before the line snaps or the fish leaves (the "crash").**

If a player effectively cashes out at 3.50 x, they get their stake increased by 3.50. However, if the crash occurs before they struck the cash-out button, the initial wager is lost. The thriller lies totally in timing-- hanging on for just a fraction longer to secure a huge payout, risking it all at the same time.
