The Anatomy of the Wheel

The video game focuses on a 54-segment wheel. The segments are divided into numbers (which payout based on their stated value) and four distinct bonus video game sections.

The Top-Secret Weapon: The Top Slot

Before every single spin of the primary wheel, a two-reel fruit machine situated directly above the wheel-- known just as the **Top Slot**-- spins in tandem.

The Top Slot creates 2 things:

1. **A Bet Spot:** A number or a reward game.
2. **A Multiplier:** Ranging anywhere from 2x approximately 50x.

If the primary wheel arrive at the precise bet spot created by the Top Slot, and a multiplier is attached, that multiplier is used to the winning number or carried directly into the perk game. This mechanic is what enables Crazy Time to provide its famous, headline-grabbing payouts.
