Checking Out the Four Bonus Rounds in Demo Play

The primary factor gamers flock to Crazy Time is the benefit rounds. When observing a demo, pay very close attention to how these carry out:

1. Coin Flip

A basic 50/50 video game. A coin with a red side and a blue side is turned by a maker. Each side gets a random multiplier before the flip. Whichever side lands face up awards that multiplier to the gamer's bet.

2. Money Hunt

A huge screen displays 105 random multipliers hidden behind shooting gallery targets. Gamers utilize a virtual cannon to aim and contend a target of their choice before time goes out, exposing their distinct multiplier.

3. Pachinko

Motivated by the standard Japanese arcade video game, a glowing puck is dropped from the top of a massive Pachinko wall filled with pegs. The puck bounces down until it lands in a multiplier slot at the bottom. If it strikes "DOUBLE," all multipliers on the board double, and the puck is dropped again.

4. Crazy Time

The holy grail of the game. The host opens a red door leading into a dynamic, surreal virtual world with a huge 64-segment wheel. Gamers choose among 3 flappers (Green, Blue, or Yellow). The wheel spins, and whichever multiplier the selected flapper points to is awarded. Landing on "DOUBLE" or "TRIPLE" increases the values and activates a re-spin up to a staggering **20,000 x**.
