What is the Aviator Game?

Developed by Spribe, Aviator is a social multiplayer game belonging to the "crash game" category. Unlike traditional slots or table video games, Aviator features a gradually increasing multiplier curve that can "crash" at any random minute.

The premise is stealthily easy:

2. As the plane gains elevation, the multiplier increases.
3. Players need to cash out before the plane flies away (crashes).
4. If a player cashes out successfully, they win their preliminary stake increased by the cash-out figure. If the plane flies away before they cash out, the bet is lost.
