What is Aviator?

Aviator is a social multiplayer crash game characterized by an increasing curve that can crash at any time. The concept is brilliantly basic: a plane removes, and as it gains altitude, a multiplier boosts. The player's goal is to cash out their profits before the airplane all of a sudden flies away.

If a gamer squanders in time, they win their stake multiplied by the present coefficient. If the airplane flies away before they cash out, the bet is lost.

Key Features of Aviator

- **Social Interaction:** The game includes a live chat where gamers can talk, share strategies, and see each other's wins in real-time.
- **Provably Fair:** Aviator uses a cryptographic innovation called "Provably Fair" to ensure 100% fairness of the game results. Players can independently verify every round.
- **Double Betting:** Players can position 2 different bets on the exact same round, enabling flexible methods (e.g., cashing out one bet early and letting the other run).
- **Car Play and Auto Cash-Out:** These tools enable users to automate their gaming experience by setting established multipliers for cash-outs.
