Picture a wet evening in Pentwyn, the wind picking up, and a brown patch slowly spreading across the bedroom ceiling. It is the kind of problem nobody wants, and it usually means water has found a way in somewhere above. Redland Roofing Cardiff is the independent, family-run roofing business that local households can call when that happens. Based in Rumney in east Cardiff, only a short drive from Pentwyn, the company has served Cardiff and South East Wales for over 30 years. Much of Pentwyn was built as part of the 1970s estates in this part of the city, and many of those roofs are now several decades into their working life. Concrete tiles can last 40 to 60 years with maintenance, but tiles slip, ridges loosen, and the felt flat roofs found on many extensions and garages generally last 10 to 15 years before they need attention. Common leak causes include damaged or missing tiles, cracked flashing around chimneys and skylights, blocked gutters, worn valleys and opened joints on flat roof surfaces. Good roofers Cardiff wide will find the actual cause rather than guessing, and that is the approach taken on every Pentwyn job. A typical https://archeraihu982.urbanvellum.com/posts/roofers-pontprennau-cardiff-new-build-roof-repairs visit starts with a proper look at the roof. The problem is explained clearly, and photos, sometimes videos, show you exactly what is wrong. You get a free, no-obligation quote in writing, with the guarantee terms laid out and no hidden costs. Where a repair will solve the problem, that is what gets recommended. Where a roof has genuinely reached the end of its life, a full replacement on a standard Cardiff terrace or semi typically takes 2 to 4 days, weather permitting, and the roof is left watertight at the end of every working day. That suits homes across Pentwyn, Llanedeyrn and Pontprennau alike.
