The style focuses on the iconic bearded fisherman going out to sea in his small boat. When the wagering window closes, the boat sets sail, and the multiplier starts to climb, starting at 1.00 x.

As the boat crosses the screen, the multiplier increases. Gamers should hit the "Cash Out" button before the boat encounters difficulty (or the catch escapes). If a gamer effectively cashes out in time, they win their initial stake increased by the current worth. Nevertheless, if the game "crashes" before they cash out, the bet is lost.

The game keeps the captivating cartoonish graphics, positive country-style banjo soundtrack, and lively marine background that made the initial *Big Bass Bonanza* slots so renowned.
