Big Bass Crash is an online casino video game developed by Pragmatic Play that falls under the "crash game" genre-- comparable to titles like *Aviator* or *Spaceman*. Instead of spinning reels to match symbols on paylines, gamers position a wager before a round begins and watch as a little boat driven by the familiar bearded fisherman sets cruise.

As the boat moves across the screen, a multiplier worth continuously increases. The goal is simple yet stressful: **squander before the boat crashes**. If the player cashes out in time, they win their stake increased by the current worth. If the boat crashes before they cash out, the bet is lost.
