- Reel 1 shows a sector of the wheel (either a number or a perk video game).
- Reel 2 displays a multiplier (varying from 2x approximately 50x).

If the horizontal lines line up in the Top Slot, a multiplier is designated to that specific bet for the upcoming spin. If that segment wins on the primary wheel, the payout is increased accordingly. This function includes an additional layer of excitement that gamers can easily observe and evaluate in a demo or observation mode.

- **1. Coin Flip:** An easy red and blue coin is turned by a maker. Before the flip, multipliers are appointed to both sides. Whichever side lands face up awards that multiplier to the player's bet.
- **2. Money Hunt:** A massive screen shows 105 random multipliers hidden behind shooting gallery symbols (such as a cactus, a target, or a chef's hat). Gamers utilize a virtual crosshair to choose a target, exposing their multiplier when time goes out.
- **3. Pachinko:** Inspired by the classic Japanese arcade game, a radiant puck is dropped from the top of a large board filled with pegs. The puck bounces down till it lands in one of the multiplier zones at the bottom-- or strikes a "DOUBLE" slot, which doubles all multipliers on the board and activates another drop.
- **4. Crazy Time (The Ultimate Bonus):** Triggered when the flapper lands on the desirable Crazy Time sector, the host opens a red door leading to a surreal, virtual world behind the wall. Here, gamers deal with a giant wheel with three flappers (Green, Blue, and Yellow). The player selects a flapper, the wheel spins, and multipliers can reach up to **20,000 x**.
