

Dental implants are among the restorative treatments offered at Whites Dental Marble Arch, providing a long term solution for patients missing one or more teeth. The practice's dentists assess each patient's bone density and **emergency tooth extraction** overall oral health before recommending implants, ensuring the treatment plan suits the individual's specific dental situation. Implants at the practice are handled alongside other restorative options such as crowns and bridges, giving patients a full range of choices depending on their needs, budget and preferences.

Whites Dental Marble Arch (W2) | 52B Kendal St, St George's Fields, London W2 2BP | 020 3576 2325

Patients considering implants can book a consultation to discuss the procedure, expected timeline and costs before committing to treatment at the Marble Arch practice. For dental implants in Marble Arch, contact Whites Dental on 020 3576 2325 or visit 52B Kendal St, St George's Fields.
